Palghat, Kerala, India

Atal Innovation Mission (AIM) is Government of India's flagship initiative to promote a culture of innovation and entrepreneurship in the country. AIM's objective is to develop new programmes and policies for fostering innovation in different sectors of the economy, provide platform and collaboration opportunities for different stakeholders, create awareness and create an umbrella structure to oversee innovation ecosystem of the country. AIM's flagship schemes include establishing Atal Tinkering Labs and Atal Incubation Centers, providing scaling up support to Established Incubation Centers, and finding ultra-low cost solution to India's most intractable problems through Atal Grand Challenges and Atal Vikas Challenges.

Education
